

**MOTION BY SUPERVISOR HILDA L. SOLIS AND**

September 1, 2015

The Broad Museum will hold its grand opening celebration on September 17-19, 2015. The celebration will showcase the newly constructed museum and its art displays for distinguished guests and community stakeholders. This is an exciting addition to the Grand Avenue arts and entertainment community. As one of the few museums without an admission fee, the Broad is expected to be an invaluable community resource that everyone will be able to enjoy.

As part of its grand opening celebration, the Broad requested use of the County parking structure known as Lot 17A located at 131 South Olive Street, Los Angeles. A temporary tent structure is slated for installation at Lot 17A. The Broad has been working with the County Chief Executive Office to obtain a Use Permit and the Department of Public Works to obtain a building permit for the temporary structure. The Broad desires to serve alcoholic beverages on County property, and is supported by this office as long as the Broad secures a liquor liability insurance policy and all necessary food and beverage permits including those required by the State Department of Alcoholic Beverage Control and City of Los Angeles.

**I, THEREFORE, MOVE** that the Board of Supervisors approve the serving of alcoholic beverages to adult participants at the Broad Museum grand opening celebration.
